

## Seminaria Zakładu Ekologii Morza 2025-2026

date	presenter	title
5.02.26	Guillermo de Mendoza	<i>From mountains to the sea: a retrospective journey through benthic invertebrate communities</i>
12.02.26	Mateusz Iskrzynski	<i>Network models of ecosystems</i>
19.02.26	Bernabé Moreno	<i>Building digital archives of polar marine lithophiles from succession experiments</i>
26.02.26	Laura Morales Luna Hadryś	<i>Environmental parameters - finding the main drivers of barnacles feeding activity in the Arctic</i>
5.03.26	Matylda Gajda	<i>Comparison of morphological taxonomy and genetic analysis in assessing species diversity of meiofauna in the southern Baltic Sea</i>
12.03.26	Nikola Szlachta	<i>Changes in the structure and distribution of key West Antarctic zooplankton species in the context of the stability of Southern Ocean food webs</i>
19.03.26	Maja Trochanowska	<i>Blackwater diving illuminates biodiversity and ecology of siphonophores in the Gulf Stream</i>
26.03.26	Aleksandra Zalewska	<i>Molecular Population Connectivity of Mud Dragons (Kinorhyncha) in the Arctic</i>
2.04.26	Maciej Wereszczyński	<i>Multi-trophic Aquaculture of Macroalgae in the Space of Offshore Wind Farms.</i>
9.04.26	Lech Kotwicki	<i>Plastic waste "building up" in Arctic</i>
16.04.26	Mikołaj Mazurkiewicz	<i>Hierarchical drivers of the Baltic blue mussel (Mytilus trossulus) microbiome: Host filtering, seasonal dynamics, and anthropogenic impact</i>
23.04.26	Jan Marcin Węśławski	<i>Concepts in marine environment protection</i>
30.04.26	Piotr Kukliński	<i>Where is meroplankton - years of search</i>
7.05.26	Emilia Trudnowska	<i>Outcome of the Fulbright at WHOI: Imaging variability of flakes – developing methodology to study the creation, structure, transformation and transport of marine snow (iFlake)</i>
14.05.26	Maria Włodarska-Kowalczyk	<i>Seabed communities at Mid-Atlantic Ridge (in Polish Contract Area)</i>
21.05.26	Marta Ronowicz	<i>Hydroids as habitat formers</i>
28.05.26	Piotr Bałazy	<i>Benthic diversity of the giant kelp forests in the Beagle Channel from the Pacific to the Atlantic</i>
4.06.26	-----	-----Boże Ciało
11.06.26	Katarzyna Grzelak	<i>When morphology meets DNA- high intraspecific variability in Arctic Kinorhyncha without genetic divergence</i>
18.06.26	Józef Wiktor	<i>Macrophytes of Gulf of Gdańsk</i>
