Seminaria Zakładu Ekologii Morza 2026-2027

date	presenter	title
5.11.26	Monika Grabowska	*Marine ecology data management, long-term storage, and publishing - tools available at IOPAN*
12.11.26	Katarzyna Grzelak	*When morphology meets DNA- high intraspecific variability in Arctic Kinorhyncha without genetic divergence*
19.11.26	Kajetan Deja	*"Benthic megafauna, the record of its activity (lebensspuren), and pelago-benthic processes in Svalbard fjord ecosystems" PhD defense trial*
26.11.26	Anna Piwoni-Piórewicz	*Towards better understanding and predicting of Calanus patchiness using both marine and atmospheric drivers*
3.12.26	Anna Maria Dąbrowska	*Coccolithophore dominance in Bellsund, Svalbard, in summer 2024*
10.12.26	Małgorzata Krzemińska	*Spatial and interannual skeletal Mg/Ca patterns in Arctic marine calcifiers*
14.01.27	Katarzyna Błachowiak-Samołyk	*What is project ClinBluFeed really about?*
21.01.27	Józef Wiktor	*What will chlorophyll not tell us?*
28.01.27	Sławomir Kwaśniewski	*Do we need new methods for assessing changes in ecosystems? A discussion on BACI - Borealisation-Atlantification Coupling Index.*
18.02.27	Magdalena Różańska-Pluta	*Introduction to the WOBEC Project: Exploring Phytoplankton and Ice Algae.*
25.02.27	Monika Kędra	*TBA*
4.03.27	Kaja Bałazy	*From zooplankton to seabirds: New insights into Arctic food webs*
11.03.27	Joanna Legeżyńska	*Benthic food webs in Spitsbergen fjords*
18.03.27	Barbara Górska	*Bathymetric patterns in benthic functioning - comparison between Greenland Sea (ice free) and Nansen and Amundsen Basin (ice covered)*
1.04.27	Agnieszka Tatarek	*Seasonal phenology and structural transformation of under-ice algal communities during the MOSAiC drift*
8.04.27	Marta Głuchowska	*Zooplankton distribution and its implications for carbon flux in Baffin Bay, Canadian Arctic*
15.04.27	Marta Ronowicz	*Hydroids as habitat formers: a case study*
22.04.27	Lech Kotwicki	*Windmill farms in the Polish EEZ - ecological effects*
29.04.27	Medhavi Pandey	*Tracing glacier meltwater influence on pelagic ecosystems by particles and biogeochemical dynamics across East Greenland*
6.05.27	Patrycja Nowakowska	*Ecology and fragility of the shipwreck ecosystem.*
